

CONGRESS CENTRUM ALPBACH

Green Meetings

Sustainable conferences in a mountain village.

Summer Seminars in Alpbach, 1945, in the French zone of occupation.

The CCA, established in 1997, with its trademark concave light cone of glass.

Never enough of something good.

This might well be the message that the founders of the European Forum Alpbach had in mind, a sentiment which led to the creation of the area's first congress house in Alpbach. What followed was an unparalleled success story and in turn precipitated the 1999 construction of an entirely new building to house meetings. Then, in 2016, factors such as an increasing need for meeting space meant that expansion was once again needed although the building's essential character was retained. Today, the Congress Centrum Alpbach (CCA) is situated in an area where once there was an Alpine meadow. Let us show you why we believe in responsible and above all "sustainable conferences in a mountain village."

The CCA was lavishly updated and expanded from 2015-16.

In Alpbach, relaxed meetings were always an unwritten agenda item.

The Paula von Preradovic-Haus, built from 1952 to 1954.

CONGRESS CENTRUM ALPBACH

*For meetings
in harmony with nature.*

Green Meetings - This doesn't necessarily mean that meetings take place outdoors in green spaces. The term instead refers to character of meetings organised with the goals of sustainable development and environmental compatibility in mind. Green Meetings promote regional partners, protect the environment and give all involved a good feeling of doing something positive and responsible.

CONGRESS CENTRUM ALPBACH

*Retaining the tried and true,
without living in a museum.
That's the trick,
managed daily in Alpbach.*

Alpbach is unique, as expressed by the landscape, the architecture, and the permissive openness of its people. The village has managed to retain its character and charm, thanks in no small part to the bold decision-making of former town mayor Alfons Moser, who insisted on relying on wooden architecture.

High standards and reliability were decisive factors in identifying our gastronomic and accommodation partners as "premium partners."

After all, it's our goal to make each guest feel welcome here.

Why do partners from around the world enjoy meeting here? Perhaps this unique location, more than any other venue, opens participants up to more viewpoints?

Thinkers, politicians, scientists and business heavyweights have come to appreciate the special energy and prevailing mood in Alpbach. For it is here, on a sunny plateau at 1,000 m elevation and far from the urban hustle and bustle, that ideas take flight and one begins to see to others in a new light. This is a place to experience authenticity and to enjoy hospitality and the changing of seasons, each seemingly more beautiful than the last.

CONGRESS CENTRUM ALPBACH

Just a few steps from the nature of our Alpine meadow

The Congress Centrum Alpbach is an architectural gem. The DIN A4 team from Innsbruck designed the building to impart a bright and comfortable atmosphere. Situated upon a ridge, each detail of this special property was conceived with the idea of retaining Alpbach's unique charm. The design has also allowed the energy needs of the building to be kept to a minimum in harmony with the natural environment. A spiral-shaped concave structure made of glass provides natural daylight to all meeting rooms.

CONGRESS CENTRUM ALPBACH

*This is a place to put ideas
and thoughts at the centre.*

What would Alpbach be without the European Forum Alpbach. Numerous luminaries of the past century and present have made Alpbach the "Village of thinkers". Every August since 1945, scientists and decision-makers from the realms of politics, culture and economics have joined together with students for cross-disciplinary discussions that go beyond borders, nations and ideologies. The European Forum Alpbach (www.alpbach.org) ensures a framework to speak openly about knowledge bases, the state of research and contemporary challenges.

CONGRESS CENTRUM ALPBACH

Meeting and event spaces with versatility and the highest technical standards

The expanded Congress Centrum Alpbach is the ideal place for scientific congresses, meetings and company events.

Up to the challenge, our technology is as versatile and combinable as our meeting spaces. Moreover, our variable 3D acoustics enable concert quality audio experiences at the highest level and our list of references reads like a who's who of various different branches. For more information, please visit: www.congressalpbach.com

CONGRESS CENTRUM ALPBACH

Services provided by our professional team include room bookings, transfers, catering and branding, side events and participant registration as well as maintenance of professional exhibitions. Our motto: "Your partner for the entire village."

CONGRESS CENTRUM ALPBACH

Congress Centrum Alpbach as event location

We guarantee exceptional break time and side events that will make the content of your meeting even more unforgettable.

With the aid of our partners, we meet and exceed the demands of clients with both creativity and excitement.

CONGRESS CENTRUM ALPBACH

*Alpbachtal Seenland.
Your venue for adventures
and variety of all kinds.*

Regardless of whether you're looking for a tranquil nature experience or fun as a team, participants here can expect a comprehensive recreational programme that acts as an ideal complement or finishing touch to a unique meeting. Hiking, mountain biking, rafting, climbing and so much more are available as is the freedom to simply relax. Here there is truly something for everyone.

CONGRESS CENTRUM ALPBACH

Winter fun in Alpbachtal valley

In Alpbach it's easy to transition from the congress centre to the slopes.

Alpbach's 109 km of slopes with guaranteed snow ensure fun for skiers and snowboarders alike.

How about snowshoe hiking, an evening at a mountain restaurant with sledging into the valley, a ski tour, or perhaps a hike by torchlight? Whatever you're interested in, fun and good times are guaranteed.
